UPS EMPLOYEES ENHANCE THE LANDSCAPE OF ARC BROWARD

SUNRISE, Fla., March 17, 2009 -- Over 100 management employees from UPS (NYSE:UPS) volunteered at ARC Broward (Achievement & Rehabilitation Centers, Inc.) on Friday, March 13, 2009 to help enhance the outdoor landscape and provide an upgrade to the already positive atmosphere the organization has to offer. This project gave back to the local community UPS serves and provided an event where all members of management came together to make a difference through volunteerism.

ARC Broward is a private, not-for-profit organization providing support and assistance primarily to children and adults with special needs that include autism, and other developmental disabilities. Incorporated in 1956, ARC Broward provides a continuum of support to over 1,200 children and adults with disabilities and employs more than 450 health-care, educational, and other professionals.

The project involved changing the outside landscape by pulling weeds, planting and trimming trees, mulching, and pressure cleaning. In addition, UPS employees resurfaced the playground with sand and cleaned up its surrounding area to improve upon the conditions of areas for exercise and activities.

UPS, in partnership with United Way of Broward County, the Northwest Broward Community Coalition, and Culligan, supplied the materials for the event.

“This initiative allows our organization to give back, while providing our management team a fresh perspective on volunteerism, in keeping with our company’s value of Environmental Sustainability,” said Stefan Wilson, UPS vice president and chief operating officer for UPS’s South Florida District. “Our employees are very motivated and involved in the community. On any given weekend you are likely to see UPS’ers shoulder to shoulder with other community volunteers working to improve our local communities.”

UPS (NYSE: UPS) is the world’s largest package delivery company and a global leader in supply chain and freight services. With more than a century of experience in transportation and logistics, UPS is a leading global trade expert equipped with a broad portfolio of solutions. Headquartered in Atlanta, Ga., UPS serves more than 200 countries and territories worldwide. The company can be found on the Web at UPS.com.
